A receipt has been emailed to you which includes these results.

VEHICLE & DAMAGE INFORMATION

Vehicle Year: [?](#) 2019 Make & Model: [?](#) chevy cruze Mileage: [?](#) 100,000 km
Market Value: (no cents) [?](#) \$20,000
Prior Repaired Damage: [?](#) No
Prior Unrepaired Damage: [?](#) \$0 Market Size: [?](#) Major Market
Damage Type: [?](#) Structural Repair Cost: (no cents) [?](#) \$4,500

YOUR DIMINISHED VALUE IS:

Assuming the vehicle was properly repaired, a fair and reasonable Diminished Value is:

\$2,194.00 + applicable tax

If two identical vehicles were side by side for sale, one accident free, the other with this accident registered against it, a reasonably knowledgeable person knowing all pertinent facts would pay approximately \$2,194.00 less for the latter. While the actual sale price is subject to negotiation, \$2,194.00 would be a fair and reasonable value decrease.

REPORT CREDENTIALS:

This calculator generates its values using a proven methodology consistent with professional pricing in the used car market, which is combined with a complex algorithm that factors in all of the data elements provided by the user.

The developers of this website have over 30 years experience in auto appraisal management, over 20 years dealership experience, over 18 years experience in training insurance company staff on vehicle valuation and have been accredited expert witnesses in court.

The methodologies used herein are consistent with insurance appraisal techniques and used vehicle market pricing.

Disclaimers:

- This calculator is powered by Automall Network Inc.
- Not all claims are eligible for diminished value. Please check local laws or your policy, or seek legal counsel for eligibility rules.
- For older or very high mileage vehicles or low repair cost claims, diminished value may be nominal and not worth pursuing.
- Diminished value and a vehicle's selling price are both subjective in nature and open to negotiation. This calculator provides a fair and reasonable diminished value for mainstream vehicles operated under normal conditions assuming the repair work is properly completed, based on the unverified information provided by the user.
- Diminished value related to poor workmanship and/or substandard parts will require a physical inspection in which case we recommend you consult with a local appraiser.
- Settlement by the insurance company is **not** guaranteed.
- If the at fault insurance company refuses to consider your request for diminished value, then you should contact your local Department of Insurance or legal counsel to determine your options.
